Model Parliament Convenes; Throne Speech Uncompleted

by SUE ALTSCHUL

Model Parliament 1962 starts tonight, headed by a minority Liberal Government. The Session will take place in the Union Ballroom at 7:30 pm.

The Parliament will commence with the Speech from the Throne, which was supposed to have been prepared for distribution yesterday, and handed in to John at the Tuck Shop before 4:30. This decision was made by the Steering Committee, and was made so that members could prepare for the Session tonight.

At 2 pm yesterday afternoon, a manuscript entitled "Excerpts from the Throne Speech" was found in the Debating Union Office. When pressed for an explanation of this document, a spokesman for the Liberal Party said that Sy Steinman, Parliament's Prime Minister, must have released excerpts from the Speech so as to present the whole of it as a surprise on the opening night.

NO EXTENSION

The Liberals tried to get an extension on the 4:30 deadline, but Steven Lipper, Chairman of the Steering Committee, stated that either the "Excerpts" or no speech at all must be printed.

These excerpts, which are little more than notes, for example: "A statement on defense policy will be offered for the consideration of this House in the form of a white paper", have been printed under the title "Speech from the Throne", but due to difficulties of distribution, it had not been released to the members at press time.

Asked for comments on this situation, the leaders of two opposition parties made the following statements.

PC COMMENTS

Claude Harari, President of the Progressive Conservatives, said: "I am truly indignant at the incompetence of the Liberal Club on campus, who not only have not issued a speech from the throne on time, as was agreed by the Model Parliament Steering Committee, but have relied on other parties to print and assure distribution of the Throne Speech. I wish that many people will come to the Session tonight in order to judge for themselves their pitiful Throne Speech."

CTCM

Garth Stevenson, a spokesman for the Congress Towards Canadian Maturity, said: "I regret that the Liberals couldn't take the time to do the job properly, in view of the mandate they received from the campus. I feel that the party which criticized us on the grounds that we intended to 'make a farce out of Parliament' could have spent more than five minutes preparing their legislative programme."

PROGRAMME

The programme for the Model Parliament is as follow: Tonight, Throne Speech debated until 10 pm, when a vote will be taken on it — this could make or break the government — 15 minutes for first readings of Government Bills, and 15 minutes for first readings of private members' Bills. Friday and Saturday: 1 hour question period, 1 hour second readings and debate on Government Bills, 1 hour second readings and debate on private members' Bills, 15 minutes first readings of further Government Bills, and 15 minutes first readings of further private members' Bills.

Il Lance Et Compte!

..Rick Juliani (15) skates off after scoring McGill's third goal last night. Looking on in amazement are five Laval defenders. Lévesque (14) chased Juliani in but could not thwart the effort. Neither could the injured goalie Falardeau who failed to move on the play. The Redmen moved into second place tie with Laval by virtue of the 6-4 victory.

Redmen Boom Into Second Slot

by LENNY FLANZ

The McGill Hockey Redmen moved into a second place tie with the Flying Frenchmen from Quebec, downing the Rouge et Or 6-4 last night at the Winter Stadium.

Toronto is now in first place with 10 points while the Redmen and the Rouge et Or are tied with six points apiece. Kelly Burnett's crew, however, has played only five games while Laval has had eight outings and Hogtown six.

The Redmen moved into an early 2-0 lead in the first period. At 5:01 of the opener, Moseley, Flaherty, and Juliani teamed up for the first counter with Moseley tipping in the puck from point-blank range.

Ferron of Laval was banished to the sin-bin at 8:34 and the Redmen power play came through with Jones denting the twine from a scramble in front of the net.

The Quebecers sparked to life and 14 seconds later Charest put the visitors on the scoreboard when the defense failed to clear the puck. At 10:18, Laval knotted the score with Veillette getting his first of the evening.

LAVAL GOALIE INJURED

Shortly after, Rick Juliani broke in alone on netminder Falardeau but his knee-high shot bounded off the pads of the goalie. The Laval Puck-stopper pulled a muscle on this play and the game was delayed for a couple of minutes while repairs were made.

Laval took the lead for the first time in the game at 19:19 of the opener on Veillette's second goal.

McGill tied it up at 5:16 of the second canto on a goal by Juliani. Once again Moseley, Flaherty, and Juliani swept in on the Laval goalie; Flaherty's booming drive was kicked out by Falardeau but Juliani was Johnny-on-the-spot and rapped in the rebound.

PETERS TWICE

Jimmy O'Reilly set up McGill's fourth goal. O'Reilly's hard work in the corners finally paid off as he whipped out a perfect pass to Tim Peters right in front of the cage and Peters made no mistake, slapping the disk into the bottom left-hand corner.

Consecutive penalties to defensemen Mike Richards and G.B. Maughan cut into the scoring punch of the Redmen but the McGill penalty killers did an outstanding job of killing of the misdemeanors and the period ended 4-3 in favour of Burnett's boys.

The Rouge et Or started off the third period on the right foot, (as far as the partisan home team fans were concerned), incurring the wrath of the referees (who turned up for the game).

At 0:55 Charest went off for a tripping penalty, and the Redmen power play bore down on the short-handed Quebecers. After the Redmen had fanned on three seperate sterling opportunities, Peters notched his second marker of the night off passes from Dave Flam and O'Reilly.

McGill suffered a defensive lapse after Peters' goal and Landry put Laval on the score sheet with goal number four.

Thirty-Nine Girls Enter Semi-Finals In Queen Contest

The Winter Carnival Committee has released the names of the 39 semi-finalists for Carnival Queen. These girls are to appear at the final Queen's Tea on Monday at RVC.

The 39 girls are: Sue Wilkinson, Lynne Walker, Wendy Patton, Marina Miles, Margot Lafleur, Anitra Mamen, Heidi Leus, Chris Fortier, Nancy Davis, Nancy Korns, Quita McLeod, Lynda Raff, Vera Gross, Karen Grey, Rhoda Feinstein.

Barbara Baulch, Isobel Cookson, Susan Denton, Sue Gardiner, Rhona Shavelson, Tnger Conradi, Bea Redpath, Betty Houghton, Lan Rayside, Gail Storey, Pat Wilson, Joanne Walker, Dale Sparling, Dixi Dixi Lambert.

Bev and Barb Rowat, twins, who will run as one candidate, Evie Monk, Sherill Moseley, Jenny Patton, Judy Finkelstein, Joanne Warykow, Rozlind Martin, Liz Wirth, Deanna Friedman.

Panel Of Medical Students Debates Merits Of Arts, Science Background

by CHARLIE SHANNON

A panel of four Medical students yesterday discussed the relative merits of B.A. and B.Sc. degrees as pre-medical training. Although the Arts faculty was virtually unrepresented on the panel, at least half the panelists conceded that an Arts degree was equally valuable.

Mark Mandelcorn, MDCM 1, stressed the uselessness of Arts, especially for Medical students. He suggested that a Medical student who has "the stuff" will obtain a liberal education on his own. The humanities cannot aid the scientists, who, he asserted, will be "the future leaders of the world".

The distinction between practice and research was made by Arnold Aberman, Second Year Medicine. He suggested that an Arts degree might help a doctor in his relations with his patients, but a firm Science background was more important for a prospective researcher.

MEDICINE AN ART

Vita Land, MDCM 1, argued that many basic medical sciences were, in effect, arts. She cited Psychology and Psychiatry, and examples of top Arts graduates in Medicine. A liberal education, she said, is neither useless nor inadequate. Intensive scientific study is not necessary, since the increasing complexity of medecine renders it impossible for a Medicine course to teach more than the fundamentals of medical knowledge. She suggested that the best preparation was either an Honours Science or a General Arts degree.

Joe Gilbert, First Year Medicine, concluded that Pre-Medical students should not dismiss Arts as a pleasant hobby. Though a B.Sc. may make Medicine easier at first, it is doubtful that this benefits the student. In the long run, the character of the individual must be decisive in the choice of degree.

Honours Lectures Continue

by PAUL BANNERMAN

Professor Judkins of the Department of Fine Arts told students yesterday that although a course in Fine Arts may not have a great deal of practical value, it is undoubtedly beneficial to a student's general education.

Speaking as a guest of the A.S.U.S. in one of its series of lectures on honours courses, Professor Judkins mentioned that at the present time the Faculty of Fine Arts has only two professors and offers only four courses to the student body.

Because of the small number of faculty members and also because of the few courses offered, the Department is at the present time unable to offer an honours curriculum to students.

TWO FIELDS

Professor Yaffe of the Department of Chemistry explained the various ways a student could get concentrated study in Chemistry. The student must first decide whether he wants to enter Honours Chemistry or Chemical Engineering. If he decides his main interest is in fundamental science, he will enter the Honours Chemistry course, either taking full honours in Chemistry or joint honours with Physics, Applied Maths, Geology, or Biochemistry.

The straight Honours Chemistry is a four-year course while all the others are five-year courses.

Dr. Yaffe stressed that the Honours Curriculum is purposely made difficult and anyone who has not done fairly well in first year (65% is the absolute minimum) should not consider entering Honours Chemistry, or any other honours course.

Representing the Department of History was Dr. C.C. Bayley, recently appointed Chairman of that department. He explained that students have the choice of either taking full or joint honours.

SPECIALIZATION

Professor Bayley went on to explain how, in the student's third and fourth years, the Department of History encourages the prospective historian to concentrate his study in one small field as "an antidote to the generalized courses we have given elsewhere". Many of the classes for senior honour students are carried on in the form of discussions, with the students divided into small groups.

Dr. Bayley said that a study of history not only prepares one to take an interest in national and international affairs, but that also it is a good preparation for many different careers. To illustrate this, he mentioned that graduates of the Honours History Course have entered the Civil Service, the Diplomatic Service, library work, teching, law and several other professions.

Debaters Invade United States; Will Visit Norfolk, Harvard

Two Senior Debaters will be guests tonight at a south-of-the-border penitentiary, Norfolk, for the annual debate. At the same time, a second team will complete their invasion of the U.S. when they participate for the first time in the Harvard Intercollegiate Tournament.

The team of Norman May, B.Cl. 4, and Phil DeZwirek, B.Cl. 2, will participate in the Norfolk debate. May has been a Gold Key Debater, a Chairman of the New Union Committee, and recipient of a WUS scholarship to Israel. DeZwirek, Chairman of Winter Carnival, is a Gold A Debater and a former Chairman of the Red and White Committee.

HARVARD TOURNAMENT

The representatives at Harvard are Ronald Berger, Mark Feifer, Franklin Toker, and Robert Vineberg. They will compete in a tournament of eight rounds defending both the affirmative and the negative of the resolution: "Resolved that labour unions should be under the jurisdiction of anti-trust legislation".

The first round of the Inter-University Debating League will conclude with the debates against Bishops and Sir George. Our team presently has the best record in the league.

IS FINLAND RUSSIA'S NEXT VICTIM?

For years, Finland has been under Russia's thumb. But it may soon be under Russia's boot, as well. In this week's Saturday Evening Post, you'll learn how Khrushchev has put the squeeze on Finnish leaders. How he's even hand-picked their next president. And what it will mean to us if K. takes over completely.

Redmen Cagers Smash Laval By 86-51 In Loose Encounter

by STEVE GRUBER

In an exhibition tilt last night at the Currie Gym, the McGill Redmen Basketball squad crushed Laval Rouge et Or by the overwhelming score of 86-51, in a game marked by some brilliant shooting and exciting plays.

The encounter opened quickly, with the Redmen grabbing a fast 12-3 lead at the five-minute mark on the strength of Doyle Perkin's three straight field goals. At this point, Ron Horeck started hitting with his usual unerring accuracy, and led McGill to a 22-4 advantage by the half-way mark on his ten-point outburst. Another strong figure in the Redmen's domination was their deep rebounding power, which was led by Ian Monteith and lanky centre Bob Berkman.

The rest of the half finished in routine style, with Ron Sharp's boys breaking through a pourous Laval defense to take a commanding 44-20 lead. Headlining McGill's scoring domination were Horeck with 16 points, followed by Perkins with 8 and Berkman with 6.

The second proved to be a slightly more contested affair, but the Redmen still managed to overcome some sharp Laval shooting and took this half by a 42-31 count.

BERKMAN SHINES

Berkman, after playing only a mediocre first half, led the Redmen here, and after five minutes had passed, shot them into a 52-25 lead.

With ten minutes remaining, the Redmen rocketed into a 69-31 lead on Berkman's ten points. The rest of the half saw Laval outshooting McGill by a 20-17 count, mainly on the accurate gunning of Potter and Newmayr, who hit for a total of 26 points. When the final buzzer went, the count stood at 86-51 for the Redmen. Heading the scoring parade for McGill were Horeck, 26 points, and Berkman, 22.

At 5:30 this evening at the Gym, the Redmen face M.I.T.,

Redmen Boom Into Second Slot

- (Continued from page 1)

One of the highlights of the third period was a wrestling match between "Tubby" Ferron and John McLernon. McLernon was handed a two-minute high sticking penalty while Ferron drew blood and was honoured with five minutes in the sin-bin.

At the 13 minute mark O'Reilly and his old teammate Jones scored McGill's sixth goal.

FINE TEAM EFFORT

This was one of the best all-round games that the Redmen have played in a long time. The goaling was very good, the offense was powerful and was backed by a solid defense corps. It was skate, skate, skate all night for the Redmen who haven't looked so good for several years.

Much of the credit should go to coach Kelly Burnett. In his rookie year at McGill, Burnett has turned out a formidable hockey club and in only five games the rest of the intercollegiate teams have come to realize that the Redmen are a power to be reckoned with. Hats off to Kelly Burnett and his hockey Redmen!

Incidentally, the attendance at the game was poor, to say the least. The Redmen's next encounter is this Sunday at Quebec and although we don't expect McGill fans to make the trip, we do urge you to turn out next Wednesday when McGill's opponents will be at the U of M.

Flash!

The women's hockey team, coached by the inimitable Dave Flam, beat its perennial rivals, MacDonald College, by a closely contested 2-1 score yesterday.

Women's Sports Schedule

THURSDAY, FEB. 1

ARCHERY: 2-4 and 7-9 pm at RVC Gym. This is a good practice opportunity for all those who wish to enter the upcoming Silver Arrow Tournament.
BADMINTON: Team leaves for MacMaster Intercollegiate Meet, 7:30 pm Recreational Play at the Currie. Murray League play at the same place at the same time.
BASKETBALL: 7:30 pm — Practice for Intermediates.
BOWLING: Intramural bowling at the YMAC at 8.
FENCING: 2-3 pm at the Winter Stadium.
MODERN DANCE: 4-6 pm in the RVC Gym.
RIFLERY: Last night of Intramural play at 7:30 pm at the Currie.
SWIMMING: Speed coaching 5-6 in the Currie Pool. Diving coaching 5-6 in the RVC Pool and special practices as arranged.

Braves Second In New Loop.

With a win and a loss behind their backs, the McGill Braves currently hold down second place in the Intercollegiate Hockey loop. The Sir George Maroons, by virtue of last week's comeback 4-3 win over the Braves, are the shaky leaders of the circuit.

Our boys, after this loss to the Georgians, showed a reversal of form pasting MacDonald 7-3 over the weekend, while Sir George handily downed U of M.

For McGill, captain Steve Molson notched the coveted hat trick to bring his season point total to 4. Winger John Tibbits countered twice, while Bob Shatilla and Tusker Houlton tallied one apiece.

A bright light for the Braves is the soon expected return of winger Rick Moore. With this added punch, right will surely prevail and victory will be theirs when they take on the U of M Carabins at the McGill Winter Stadium, Monday, February 5, at 7 o'clock.
